

JUNIPER RECORDS A PERSONAL BEST AT QUEENSLAND RACEWAY

Recording a personal best lap time at Queensland Raceway today, Carrera Cup driver Shaun Juniper is enjoying round four of the Championship and takes confidence into day two for the Juniper Race Team.

Juniper, who qualified in 22nd position moved forward to 19th position following race one passing the likes of Tony Quinn and Ash Samadi on the way.

Juniper Racing team manager Alistair Bye praised Junipers driving , considering he has had little time in the car before round four, “Shaun in the Juniper Development Car did a really good job, showed a nice consistent pace for the whole race, kept his head and stayed out of trouble despite things happening around him.”

“He’s moved up a few spots from qualifying and I think that it will be a great effort on his behalf if he can get past some of the more experienced drivers and keep moving forward,” added Bye.

“The skills and results that Shaun is achieving is excellent and to move forward from where he is today in a category as high as Carrera Cup is very impressive.”

Summing up his day in one sentence, Juniper commented, “It’s my home track, I really enjoy coming here the car feels great and I feel good!”

The Juniper Race Team will be in action again tomorrow and hope to continue their plight up the grid.

You can catch them in race two which begins at 10.10am or for a full wrap up of round four of Carrera Cup, tune into Channel 7 on August 4th from 1.30pm.
