

Exciting Weekend for Juniper Racing

Round 6 of the Carrera Cup at Sandown marked one year of racing for property guru Shaun Juniper.

“I’m learning new things each time I go out there [on track]. I know what I need to work on so I’m comfortable with that”.

Juniper, Samadi and series newcomer Grant Sherrin had an exciting weekend of racing, duelling for position in every race. As a result of their tug-of-war, all three cars tied for the round with seven points each.

In amongst all the action, where collisions were frequent, Juniper also managed to avoid trouble and gained more confidence throughout the weekend.

Race one saw the Juniper Racing car #11 move up an impressive 5 positions. “Although this weekend wasn’t my best, I am looking forward to Bathurst. It’s a great event and I’m excited about being a part of it” said Juniper.

Don’t miss the action when Channel 7 broadcasts a dedicated Carrera Cup program next Saturday 22nd from 1.30pm.
